

Carlos Obeid

Chief Financial Officer – Mubadala Investment Company

High-performing, execution driven professional with 25 years of experience in Finance, Investment and Investment Management. Proven expertise in performance management, business restructuring, strategy and financial planning, and capital markets. Multi sector experience through various board memberships.

- Carlos graduated from the American University of Beirut with a Bachelor's degree in Electrical Engineering in 1986.
- Obtained a Master's degree in Business Administration from INSEAD, France in 1991.
- Attended Executive Education in Strategy and Organization at Stanford University in 1999.

He joined Mubadala Investment Company in 2004 as a Director of Finance and Corporate Affairs and was appointed Chief Financial Officer in 2008. He was involved in the initial setup of Mubadala, putting in place various policies and procedures, and was also responsible for:

- The provision of specialist advisory and transactional services across the organization and its related companies (Project & Corporate Finance, Treasury, Financial Planning & Business Performance, Corporate Support Services, Mergers and Acquisitions).
- Driving value creation across multiple assets.
- Establishing group financial governance guidelines.
- Preparing strategic business plans for the company and valuation assessments
- Raising and managing corporate and asset debt through a variety of instruments
- Representing Mubadala on the board of a multitude of assets (currently serving on the boards of Cleveland Clinic Abu Dhabi, Mubadala Petroleum, Masdar, Mubadala Infrastructure partners, and Global Foundries) and in that capacity participate in setting the strategy for those companies, the recruitment and assessment of senior leadership, and where needed business alignment or restructuring.

Prior to Mubadala, Carlos worked for 10 years at the UAE Offsets Group (now known as Tawazun) initially as Project Manager then Senior Project Manager and then Director of New Ventures, and Director of Corporate Advisory and Capabilities. He was involved in many landmark projects and initiatives including the establishment of 3 listed companies in Abu Dhabi, the initial setup of the Dolphin project, the privatization of the water and electricity sector of Abu Dhabi, as well as the Fujairah Water and Electricity project. And before that, Carlos worked as a Computer Engineer in both Lebanon and the UAE as well as being a Research Associate at INSEAD in France. Carlos is a Board Member of Bank Audi/ Lebanon and also chairs the AML/CFT Committee in the UAE.
